

FUNDING OPPORTUNITY

MICHAEL GASS RESEARCH AWARD

In recognition of Dr. Michael Gass' decades of contribution to the field of adolescent and family care and dedication to research that demonstrates the impact of this important work, The National Association of Therapeutic Schools and Programs (NATSAP) is excited to introduce the **Michael Gass Research Award**.

PUBLISHED WORK AWARDS

will recognize the value of new knowledge to the field of adolescent and family care. A panel of experts, including Dr. Gass, will review articles published in peer-reviewed journals. Three articles will be selected that best advance the science of treatment or recommend approaches to optimize outcomes for clients and their families. The primary authors of these articles will be invited to share their findings at the following year's NATSAP Annual Conference, will receive 3 free conference registrations, and will be awarded a \$1,500 recognition stipend.

Award amount: \$1500 each and conference registration waived for three recipients

Who can apply: Any author who has published in a peer-reviewed journal to advance knowledge about intensive or out-of-home treatment for adolescents or young adults

Deadline for application: June 30

 **APPLY NOW**

PROPOSED PROJECTS AWARDS

will supplement resources required to conduct evaluation and research by treatment programs. A treatment program may apply for support to conduct case studies, intervention or program evaluation, multi-site studies, or academic research.

Award amount: \$15,000 will be awarded across three programs

Who can apply: Any NATSAP member program, or researcher working with a member

Deadline for application: June 30

 **APPLY NOW**
